SAFETY DATA SHEET

SDS: NH/2021

1. PRODUCT & IDENTIFICATION DETAILS

TIN OXIDE K290

CAS No 18282-10-5 EC No 242-159-0

REACH registration number: 01-2119946062-44-0000

2. COMPOSITION / INFORMATION ON INGREDIENTS

When supplied dry, this material offers the normal hazards associated with any dry powder of a slightly abrasive nature.

3. HAZARD IDENTIFICATION

Non hazardous.

4. FIRST AID

Eye Contact:	Flood with clean water for 15 minutes and seek medical advice if irritation persists.
Skin Contact:	Remove contaminated clothing. Wash the affected area with soap and water. If irritation persists, seek medical attention.
Ingestion:	Do not induce vomiting. If patient is conscious, give water to drink.
Inhalation:	Seek immediately a source of fresh air. If respiratory tracts are irritated, seek medical advice.

Cont'd

5. FIRE FIGHTING PROCEDURES

Standard fire fighting techniques only are required, i.e. water, sand, carbon dioxide, chemical foam extinguishers etc. Care should be taken to observe the local surrounding area.

6. ACCIDENTAL RELEASE MEASURES

Large spillages of slop material should be absorbed with an inert material e.g. sand. Remove any dry material either by a vacuum cleaner fitted with an efficient filter, or by wet sweeping to avoid creating dust. Any collected waste must be stored in a suitable container prior to disposal.

7. HANDLING & STORAGE

Prevent extensive contact with eyes, skin and clothing.

Wash hands / skin after use. Do not eat, drink or smoke when using this material and keep away from animal feeding stuffs.

Local exhaust ventilation is recommended to comply with occupational exposure limits (see Guidance Note EH40 – latest edition).

Store in secure containers in dry conditions, avoiding extremes of temperature and protect from frost.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

In conditions of spray mist or product dust, local exhaust ventilation should be provided to comply with occupational exposure limits (see Guidance Note EH40 – latest edition).

Hand / Skin Protection: Gloves (plastic or rubber, cotton lined).

Eye Protection: Goggles (BS2092, Grade 1 : CDM).

Respiratory Protection: If local exhaust ventilation is not adequate, HSE approved respiratory equipment must be provided.

9. PHYSICAL & CHEMICAL PROPERTIES

Form:	Powder - White
Odour:	Odourless
Melting Point:	Not applicable
Solubility:	Not applicable
Flash Point:	Not applicable
Oxidising Properties:	Not applicable

10. STABILITY & REACTIVITY

Stable over normal conditions.

11. TOXICOLOGICAL INFORMATION

No specific data available.

12. ECOLOGICAL INFORMATION

No specific data available.

13. DISPOSAL

Material should be disposed of to comply with local regulations.

14. TRANSPORTATION

Non hazardous for transportation – no special precautions required.

15. REGULATORY INFORMATION

Non hazardous.

16. OTHER INFORMATION

Good industrial hygiene practices are recommended when handling and using this product.

DISCLAIMER

The information contained in this safety data sheet has been prepared using the best available information, however in view of technical developments, this may alter.

The material must only be used for its stated purpose and the information contained within this data sheet is offered solely for use in the evaluation of this product in respect of safety, health and environmental hazards.

Due to the many factors outside our control when using this product, we cannot accept liability for any injury, accident, loss or damage caused through its use.
